Personal Statement

I'm a Graphic Designer and Website Designer; I graduated from Plymouth College of Art on a BA (Hons) Graphic Design on my final year. I have created Websites for Paul Hannon, Vanessa Griffith, Tim Connolly and Manesh Manuel and various clients throughout the UK. The Website I did for Vanessa Griffith was advertised in a South Devon newspaper. I'm also teaching people on software mainly Dreamweaver CS3, Photoshop CS3 and Flash CS3 in my spare time. I'm hoping to work for your company to gain valuable experience. I am able to work on my own, but have also really enjoyed working within successful teams on Design projects.

Experience

I have built Websites for:

- Vanessa Griffith: www.vanessagriffith.com
